

AHDA 07: Accepted Symposia

Convenor	Other contributors	Title
Anderson	Clark, Hood, Hunt, Westrupp, Wilson-Ching	Neurobehavioural outcome for children born very premature
Bowes	Harrison, Simpson, Ungerer	Child care choices of Australian families
Campbell	Amon, Campbell, Nguyen, Sethi, Toh	Lifespan psychology, mental health and technology
Ching	Crowe, Doble, Psarros	Speech and language development of hearing-impaired infants and children
De Rosnay	Peterson, Porter, Ruffman	Where do we go from here? The future of social cognition research with young children and atypical populations
Fletcher-Flinn	Arrow, Fletcher, Heath, Wilson, Yamada	Reading acquisition
Goodnow	Dodds, Hunt, Karantzas, Lawrence	Research practice: Models and realities
Harrison	Murray, Nielsen-Hewett	New ways of including children's perspectives in studying social and emotional aspects of school adjustment
Kitamura	Burnham, Herald, Lam, Xu	Early language development: Tuning in to ambient speech
Livesey	Anderson, Nelson, Badcock, Pasalich	The development of executive functioning
Nielsen	Dissanayake, Gracek, Simcock	The experimental study of imitation and pretend play: Novel approaches to novel questions
Piek	Neilsen, Pearsall-Jones, Rigoli	The relationship between motor difficulties and disorders developmental
Robinson	Taylor, Lawrence, Stewart, Henley	Refugee children and adolescents: Educational transitions and mental health
Robinson	Burnham, Coltheart, Cuskelly, Dodd	Recent ARC-funded research relating to language development
Robinson	Donovan, Ford, Simpson	Recent ARC-funded research on development in Indigenous Australian children
Robinson	Arney, Eckert, Farhadi	The well being of child refugees and their parents
Skouteris	Clarke, Tiggemann	Body image across the lifespan
Sweller	Chan, Hayes	Children's induction and counterfactual reasoning
Watt	Quin, Tait, Wilkins	Early career development of teachers in challenging contexts
Woodward	Friesen, Gray, Newnham, Woulds	Parenting in high risk contexts

Accepted papers and posters

1st author	Title
A.Bahtiyar	Effect of (in)definiteness of referential terms in assessment of common ground in Turkish: A cross sectional referential comprehension study
Alexander	What influences adolescents' perceptions of discrimination towards others?
Andrews	Young children's difficulty on the children's gambling task: Complexity or variability of losses?
Baxter	Days of their lives: Developmental implications and correlates of how four-year-olds spend their time
Beltman	Gurus and guides: Role models and mentors in the lives of young people
Bornholt	On social behaviour for learning: Several perspectives on children's unsociable-unsociable, inattentive-attentive, restless-settled behaviour
Brownlee	An exploration of the relationship between metacognition and trait procrastination
Butrus	The relationship between personality traits, dispositional empathy and racial tolerance in younger and older adults

C.Kuntay Campbell	Children's referential requests: Does requestive speech lead to referential clarity? Group programs and counseling following parental separation: The experiences of children at Anglicare WA
Caza	Learning to recognise relevant ambient speech: A computational model
Certoma	Preschoolers' event memory: The effect of photographic cues and training
Chan	Chinese parenting in Hong Kong: Links among goals, beliefs and styles
Chandler	Individual differences and developmental processes in the perception of glass patterns
Chen	Children's inquiring development on reading graphics
Coley	Using sibling differences to estimate effects of parenting on adolescent sexual risk behaviours
Coley	Experience enhances flexible ecological reasoning
Cologon	The development of phonological awareness, phonic decoding skills and reading comprehension ability in children who have Down syndrome: results from an intervention study
Cooper	Fluent reading ability in primary school children
Coulson	Planning for the return to work after maternity leave
Crosbie	Abstraction and cognitive flexibility in children with and without speech disorder
Dagot	Boys don't cry, or do they? Boyhood and resiliency in an Asian context
Davies	Differential cognitive outcomes of primary school-aged children born very preterm with extremely low birth weight: differential deficits for executive functions
DeBaryshe	Understanding the roles of youth family obligation and parenting practices in predicting the behavioural adjustment of native Hawaiian/Pacific Island youths living in poverty
DeBaryshe	Learning connections: An experimental validation of a preschool emergent literacy and mathematics curriculum
Dittman	Longitudinal associations between children's phonological processing abilities, ADHD-like behaviours and early reading development
Dodds	Balancing life and work as a young adult: The achievement of developmental tasks and satisfaction with life in medical school
Enticott	Transcranial magnetic stimulation in autism and Asperger's disorder: Motor function and mirror neurons
Eren	Prevalence of post-traumatic stress symptoms (PTSS) in children with traumatic brain injury (TBI): Examining the neural substrates of symptoms
Farmer	Lexical development, theory of mind and social development in typically developing children and children with SLI
Farrall	Contributing factors to youth optimism and pessimism: Assessing the interplay of dispositional and cognitive coping factors upon affective outcomes in late childhood
77Farrall	The utility of the youth life orientation test and a series of hypothetical trait-based vignettes as measures of youth optimism and pessimism: A comparative study
Farrant	Specific language impairment, theory of mind, and visual perspective taking: Evidence for simulation theory and the developmental role of language
Fink	Ostracism and children: Investigating the psychological and cognitive consequences of exclusion
Fogarty	An examination of the relationship between recent iodine nutrition and cognitive performance in Australian school children
Ford	Associations between adolescent depression and parent-child relationships: A five-year follow up of depressed adolescents
Gargaro	Autism and ADHD: Is comorbidity possible?
Haddad	Challenges at university level: Are our identified gifted students being adequately challenged?
Hansen	A discourse-based account of young children's understanding of the false belief problem
Hatter	Effects of social skills training on preschoolers: Links between assertion skills, peer acceptance and prosocial behaviours
Heaven	Optimistic and successful: The longitudinal effects of personality traits on school grades and adjustment
Holm	Language, cognition and literacy outcomes of preterm children
Howie	Resolving the inconsistencies: Why do children shift to repeated questions?
Hughes	Direct and indirect influences of attachment security on reading ability in middle childhood
Johnson	Measurement of response inhibition in normally developing primary school children
Jose	Daily relationships among stress, rumination and depressive symptoms in young adults
Karantzas	An investigation of the association between attachment anxiety and avoidance: A function of relationship length
Karantzas	The interaction of physical, psychological and social factors in childhood obesity

Kaur	Investigating the association between social functioning and sexualised behaviour among Indian adolescents with high-functioning autism and Down syndrome
Keown	Comparison of fathers', mothers' and teachers' reports of behaviour problems in 4-year-old boys
Keown	Father-son relationships and social behaviours of preschool boys with hyperactivity
Khoo	Hot and cool executive function in young children with high-functioning autism and typically developing children
Kirkland	Using captioned line-drawings for obtaining low-literacy caregivers' reports about toddler behaviour and relating these to attachment status
Kirkland	Exploring "becoming attached"
Kirkland	Interrogating intelligence tests to find "g"
Law	Children's connectedness to their family, peers and school and the impact on their Adjustment: Presentation of an empirically supported model
MacCallum	Caravans and cyberspace: Connecting community through intergenerational exchange
McAlister	Consumer psychology: A framework for investigating the effects of individual differences in theory of mind, executive functioning and cognition
McLoughlin	A longitudinal study of risk and protective factors for youth offending: First wave data
Nash	The impact of instructions on inconsistency in children's event memory
Newcombe	Perceptions of child witness testimony: Extra-legal influences on jurors decision-making
Nielsen	Infants can learn altruistic helping behaviour from television
Nielsen	Adult modelling facilitates young children's generation of novel pretend acts
Oxley	Memory and metamemory demands for four-year-old children of picture symbols on speech generating devices
Pasalich	Measuring inhibitory control in 4 and 5 year old children: performance on Stroop-like assessments
Peskin	The development of symbolic interpretation of poetry in adolescence
Planitz	Cinderella and her wicked relatives: Are stepfamilies really inferior to biological families?
Pritchard	Inhibitory mechanisms in ADHD and cognitive development
Randell	Theory of mind, social experiences, and cognitive abilities
Reddington	Predicting behaviour and learning problems at school entry: Examining the utility of parent, teacher, and child based scales
Reynolds	Transitions in young children's proportional reasoning competence
Rouse	The role of higher order cognitive functions on moral development
Rushdi	An examination of the role played by parental attachment and emotion regulation in adolescent self esteem
Salehuddin	The role of input and cognitive development in Malay numeral classifier acquisition
Setiono	Moral development from the viewpoint of Javanese culture
Slaughter	Twelve month olds distinguish accurate from inaccurate counting
Slaughter	Developmental transitions in reasoning about food and nutrition
Soloff	An update on growing up in Australia: The longitudinal study of Australian children
Tarricone	Purposeful reflection as a facilitator of interrelationship between self-knowledge and metacognition
Tarricone	A depiction of the research design underpinning a theoretical study of the construct of metacognition
Tempany	Concepts of mental health and wellbeing held by Sudanese youth from refugee backgrounds in Australia
Tither	Why are father-absent girls at special risk for early pubertal development? Preliminary answers from a genetically and environmentally controlled sibling study
Tolson	Destination imagination: Developing creativity as life-long skill sets in children
Venning	Understanding young peoples' experience of chronic illness and resulting psychological disorders: A systematic review
Walker	Social inclusion of young children with Autistic Spectrum Disorder in Australian early childhood programs
Weir	Longitudinal relationships among rumination, depression, and anxiety in non-depressed adolescents
West	The recognition of emotion in dynamic displays by children with autism
Widjaja	Phonological awareness and letter knowledge as predictors of literacy development among early learners in a transparent language
Wilson	Does maternal education level influence how parents teach preschoolers about emotions?
Winskel	Reading and spelling development in Thai children: Some preliminary findings
Winskel	Do grammatical temporal categories influence what aspects of simultaneous relationships are expressed by Thai and English children?

Witenberg The moral dimension of children's and adolescents' conceptualisation of tolerance and intolerance to human diversity

Wong Parents' and teachers' views of transition to school and children's coping strategies

Wong Families in Australia: Family factors, child temperament, cultural identity, and well being in primary school children

Yeigh Distractability and brain-based learning: The other side of the coin
