**TIMETABLES**

Individual student timetables are automatically generated by the University. Students are assigned to classes in such a way as to keep clashes to a minimum.

To see your official University timetable: [https://web.timetable.usyd.edu.au/firstTimeGuide.jsp](https://web.timetable.usyd.edu.au/firstTimeGuide.jsp)

**Changing Tutorial Classes**

**Until the end of Week 1:**

If you need to change your tutorial class, you must firstly try to do so via MyUni Timetable. Warning: **Any change made to your timetable is likely to result in one or more of your classes being automatically reallocated.** You cannot choose to keep some classes while moving others.

If you wish to change just one component, the timetable website should tell you where you can attend an in-person timetable changes: [http://web.timetable.usyd.edu.au/firstTimeGuide.jsp](http://web.timetable.usyd.edu.au/firstTimeGuide.jsp)

**From Week 2:**

You can no longer change your timetable via MyUni or via the in-person Timetabling session. Once semester is underway, changing classes is more restricted. Please **contact** the Student Center if you require changes after week 1.

If you are unable to attend your timetabled tutorial regularly due to timetable clashes or other commitments, you are strongly advised to withdraw from the unit (or withdraw from another unit, which would then allow you to attend psychology tutorials), or you may fail the unit of study automatically.

*Note that some units do not allow tutorial changes after week 1.*

**ENROLMENT**

Processes for enrolment, transferring degrees, and adding and withdrawing from Units of Study are administered by your Faculty (e.g. Faculty of Arts, Faculty of Science). FAQs regarding such matters for Faculty of Science students can be found at the following link: [http://sydney.edu.au/science/cstudent/ug/faqs.shtml](http://sydney.edu.au/science/cstudent/ug/faqs.shtml)

**Special Permission**

Students who require special permission to enrol in a Unit of Study should contact their Faculty.

**Withdrawing from a Unit of Study or Adding a Unit of Study**

The deadlines for withdrawing from a Unit of Study and/or adding a Unit of Study can be found here: [http://sydney.edu.au/science/dates.shtml#variation](http://sydney.edu.au/science/dates.shtml#variation)

There are various penalties associated with discontinuing from a Unit of Study after a certain date. You should be aware that the following definitions apply to variations of enrolment made by students who are considered domestic (i.e. Australian citizens, Australian permanent residents and NZ citizens):

- **Withdraw (WD):** No academic or financial penalty.
- **Discontinue - Not to count as failure (DC):** No academic penalty, BUT you remain liable for the relevant Commonwealth Assistance liability or tuition fees.
- **Discontinue - Fail (DF):** You will be automatically assigned a mark of fail (graded DF on your academic record) for that Unit of Study. You will, in addition, be liable for the relevant Commonwealth Assistance liability or tuition fees for that Unit of Study.
UNIT OF STUDY ASSESSMENTS

Please check your Unit of Study Outline for the assessments you are required to complete, and the due dates and closing dates of these assignments. Students are responsible for ensuring that they know which assessments are a compulsory component of their Unit of Study (i.e. they must be completed in order to fulfill the requirements of the Unit) and which are not compulsory. Failure to complete compulsory assessments will lead to an Absent Fail (AF) grade for the Unit.

General Criteria for Assessing Written Work

The School of Psychology's general criteria for assessing written work are available at:

Submission via Turnitin

All written assignments are to be submitted online, by you, via Turnitin (accessible via the eLearning site for the Unit of Study), emailed assignments will not be accepted. Assignments will normally be marked and returned online. There are no hardcopy submissions for written assignments.

Ensure you submit the correct file. The submission process shows you a complete preview of your entire assignment after you have uploaded it but before you have submitted it. Carefully check through every single page to ensure everything is there and the correct version has been uploaded, and only then press CONFIRM.

Contesting Marks

Students do not have an automatic right to request re-marking of class work or exam papers, but they are encouraged to discuss the assessment of their work with members of the teaching staff. Before doing so, students must make sure they have read and understood any written comments already supplied by the marker.

The following remarking/appeal process must be initiated within 2 weeks of students being notified on Blackboard that assignments are ready for collection.

Students who are dissatisfied with some aspect of their assessment should:

- First consult the marker (usually their tutor), who will provide feedback for the given mark. If the tutor was not the marker of the assessment and cannot supply sufficient feedback, the Unit co-ordinator of the relevant Unit will direct them to the staff member responsible for the assessment.
- If the student is not satisfied, they should provide a written case explaining why they believe the work should be re-marked and approach the Unit co-ordinator with this written case. This must be done within two weeks of receiving your marked assignment. The Unit co-ordinator may agree and allow the work to be re-marked. Note: The new mark may be lower than the original mark, in which case the new mark will stand.
- If the Unit co-ordinator does not believe the work should be re-marked, or if after re-marking, the student still believes that the work has been improperly assessed, s/he should address such concerns in writing to the Associate Head of Teaching and Learning. Letters to the Associate Head Education should be emailed directly.

Normally, the Associate Head of Education will consider re-marking of submissions only if both the following are true:

- The student has discussed the reasons for their mark with the staff member(s) responsible for the assessment.
- The student clearly establishes, in writing, reasons for receiving a mark higher than that awarded, taking into account the feedback they have received from the previous marker(s).

Please note that the new mark may be lower than the original mark, in which case the new mark will stand.
